

Safety-Care® For Families Iowa City Training

FREE training for parents or primary caregivers of children with autism spectrum disorder.

Who would benefit from Safety-Care for Families?

If you want to learn how to minimize and respond to problem behaviors while keeping everyone safe and protecting their dignity, then Safety Care for Families™ is for you! Safety-Care for Families is appropriate to use with any individual that has developmental, neurological, psychological, or other cognitive impairments. We Can Help You:

- Understand why problem behavior occurs and things that might trigger the problem behavior.
- Learn strategies to prevent the problem behavior from occurring.
- Use evidence-based strategies to de-escalate a situation.
- Stay safe while responding to dangerous behavior in an appropriate way.
- Reduce the need to restrain an individual.
- Determine the best way to decrease the likelihood that the problem behavior or crisis will happen again.
